

BSc with Honours in Mental Health Nursing – 2021 entry

Duration of programme: 3 years (where students join the programme in year 1)

Award on successful completion: Bachelor of Science with Honours

Accreditation: Recognised by the Nursing and Midwifery Council (NMC) for the purpose of registration as a qualified nurse (mental health).

Location of delivery: Abertay University, Bell Street, Dundee, and placements across Tayside and Fife.

Composition of the programme: 120 SCQF (Scottish Credit and Qualifications Framework) credits in first year, and 180 in both of years two and three. Of 480 credits 160 will be for placement modules. The programme runs over three terms in each of three years.

Students complete approximately 58 weeks of placement. Locations are across the Tayside and Fife regions.

Contact hours and workload:

Students must complete a total of 2300 hours theory and 2300 in clinical practice to become eligible for NMC registration. Theory components include classroom teaching, online learning, group work, skills training and self-directed study.

Practice components include supervised clinical practice placements (including specialist or elective placements in year 3), simulated skills practice in our clinical skills suite, and reflective practice groups. Over the course of the programme, ~26% of student time involves tutor-contact activities; the remainder is placement and independent study.

Assessment methods: Assessments include case studies, reflective portfolios, essays, posters and presentations, appraisal of research, exams and observed structured clinical examinations (OSCEs). Performance on practice is assessed via placement reports.

Academic staff: This programme is delivered by staff in the Division of Health Sciences in the School of Applied Sciences. Staff profiles can be viewed at <https://www.abertay.ac.uk/schools/school-of-applied-sciences/>
